

WILSON RECEIVES AUTOMOBILE GUIDE

Touring Club of America Gives
the President Books of
Routes for Use.

By HARRY WARD.
There is little chance of President Wilson losing his way in the White House automobile in the future. A complete set of automobile blue books, giving automobile routes throughout the eastern section of the United States, has been presented to the President by the Touring Club of America. Each of the three volumes has the President's name inscribed in gold letters. The presentation was made by Leroy Mark, vice president of the southeastern division of the touring club.

England was placed in the White House automobile before it was shipped to the President's summer home in New Hampshire.

Entries are piling in for the motorcycle and automobile races of the National Capital Motorcycle Club at Benning, July 4. In the motorcycle events entries have been received from Samuel McPherson and Benjamin Russell, who will ride Jefferson "twin" motorcycles in the professional events. There will be at least five Excelsior "twin" entries, two of which will be ridden by Teddy Oetzel and William Bruce.

W. F. Throop and Ed Moore will also ride Excelsiors, while the Harley-Davidson contingent will consist of J. S. Berryman and Barney Sherwood. George Seall and P. N. Moulden will pilot Thor machines in several events. In the automobile events entries have been received from Frank Stewart, who has entered his Reo racer; Irving Barber, who will pilot a Buick in the first event, and Warren in the other two races, and Cleveland Campbell, the Cole driver. A well-known driver of York, Pa., is planning to bring a fast Marquette-Buick to the races, and it is also expected the Kline Motor Car Company, of Richmond, will be represented by two cars. In addition to these cars it is likely the free-for-all race will attract a Ford, Norwalk, Palmer-Singer, E-M-F, and I. T. Denoon's Ohio races.
